- 4 **District Governor's message** each month/RI requirement, instead of a written newsletter – we are proposing to make this more **personal and different** by sending out a link to a recorded message by me, to each Rotarian in the **first week of each month**. Our focus will be on our theme for this year - ROTARY OPENS OPPORTUNITIES – AROUND THE CLUBS – highlights from last month and a preview for the coming month, eg what's happened what's on. Details of the Link to the District Website to hear the message will be sent to each Rotarian in this District by the District Secretary together with copies of relevant documents.
- 5 **District Conference – launch** - theme, venue, will also be by a recording as a special announcement. A link will be provided by the District Secretary.
- 6 **District Website** – our **ONE STOP** point of contact to communicate and keep up to date. Further to the information sent to all Rotarians on Saturday last. Please check this out now if you have not already done so, also checking and using the links to MyLearning, MyRotary, MyDistrict.
- 7 **Webmasters:** Stephen Humphreys <sjhumphreys14@bigpond.com> and Peter Townsend cephasoz@gmail.com – are our points of contact for advice/support and Posting Club events.
- 8 **Rotarians** - each Rotarian is asked to keep his/her information up to date. The District Leadership Team will provide details about projects and other activities. Clubs are asked to send, by email, details of events they want to share to both the District Webmasters, likewise request removal immediately they are no longer current.
- 9 Our proposed version of TedTalks, designed to highlight key topics, projects, which the District Leadership Team, Learning and Development/Training and Directors/Chairs will be using to connect and to get their message/s out to the Clubs, schedule, visits, etc.

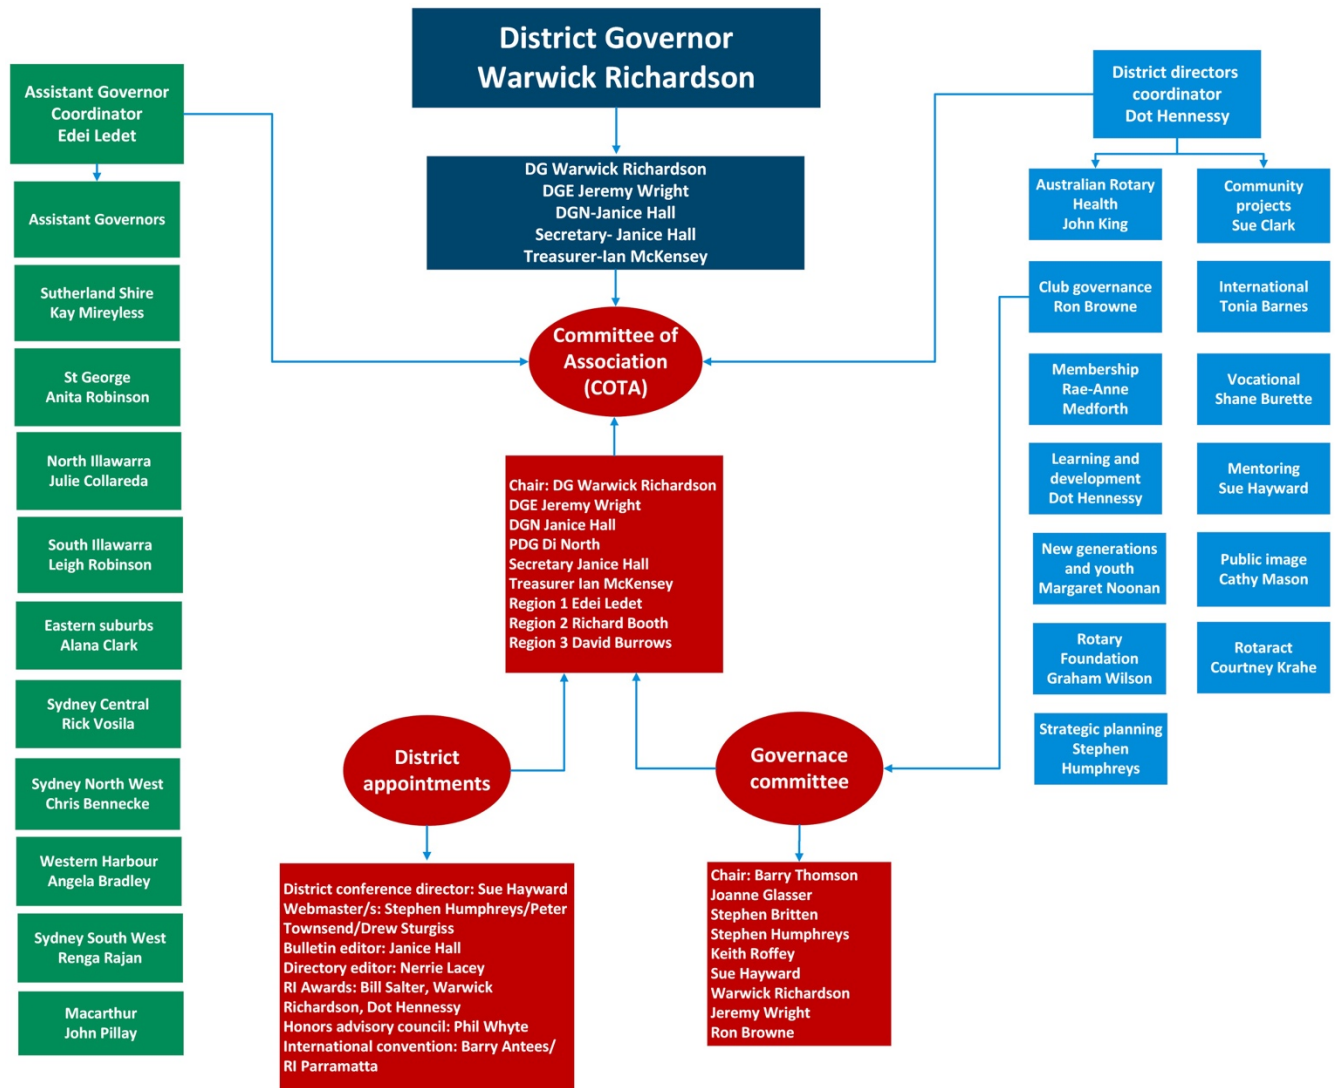

In summary, we hope this information brings you up to date. Please contact any one of our District Leadership Team – find them using this link on the **District Website** and ask for support:
